Dear George,

I wanted to take a minute to thank you for everything you have done for me.

For the past year and a half that I have been training with you I have noticed a significant improvement in several aspects of my life. The obvious is my physical appearance, being more toned and muscular, but also in the improvement in my energy levels and discipline. I find that altering my eating habits to your recommendations has improved my performance and the simple fact of having to keep my meetings with you, has disciplined me to add a trip to the gym on a regular basis, where as before I would have come up with excuses for why not to go.

I have no hesitations in recommending your program to anyone. Feel free to have anyone call me should they have any questions.

Thanks again,

Ivica J.
